

DENTAL HYGIENIST

CHARACTERISTICS OF WORK:

This is responsible work in rendering dental prophylactic service to clients in a state institution or local health department. Incumbents in this classification perform dental work not requiring the services of a professional dentist, involving examination and oral prophylaxis. The duties include promotion of dental health education by instructing resident house mothers and aides in the techniques of mouth care and proper diets. The work is performed under the general supervision of a dentist, who outlines duties and checks work from time to time to ensure that it meets with prescribed standards. Incumbents frequently exercise supervision over dental aides.

MINIMUM QUALIFICATIONS:

These minimum qualifications have been agreed upon by Subject Matter Experts (SMEs) in this job class and are based upon a job analysis and the essential functions. However, if a candidate believes he/she is qualified for the job although he/she does not have the minimum qualifications set forth below, he/she may request special consideration through substitution of related education and experience, demonstrating the ability to perform the essential functions of the position. Any request to substitute related education or experience for minimum qualifications must be addressed to the State Personnel Board in writing, identifying the related education and experience which demonstrates the candidate's ability to perform all essential functions of the position.
